

HARMON ON CANAL GRAFTING

Instructed Chief Marker
to Look Into Way
Things Were Going

CONFERENCE WAS HELD

This Morning Between Gov. Har-
mon and Atty. General Denman
But Action Was Postponed.

Columbus, Oct. 13.—Governor Har-
mon and Attorney General Denman
met in conference today to take
action with regard to the canal graft
scandal, but Chief Engineer Marker
is in Akron today and has with him
much of the important papers, so it
was necessary to postpone any action
until Friday or Saturday.

Columbus, Oct. 13.—Upon his ar-
rival at the capital today Attorney
General Denman found waiting for
him a telegram from Governor Har-
mon, sent while enroute to
Cincinnati, asking for a conference in
the executive chambers this morning
upon the matter of the investigation
into the conditions in the state board
of public works department.

"I shall be pleased to co-operate
with Governor Harmon," was the
statement he made upon reading the
message. At this conference it will
be decided how the investigation will
be conducted and under what aus-
pices. As the demand of the mem-
bers of the state board, formulated
last night, calling upon the governor
to turn over his information, he said:

"I am ready and willing to make
it known to anybody."

Chief Engineer James Marker em-
phasized this same attitude in the
official report which he filed. Careful
reading of it shows that it is simply
a demand for an investigation of a
series of suspicious circumstances
which he encountered in his inspec-
tion of the workings of the canal
department.

It is quite evident that Attorney-
General Denman proposes to assume full
control of the investigation. By tele-
phone from Toledo he requested As-
sistant Attorney-General W. H. Mil-
ler to hold the Franklin County Grand
Jury in session in order that he might
personally conduct the criminal inves-
tigation that he expects to institute.
From this it is deduced that the mem-
bers of the state board, who voted
themselves as a Committee of Inquiry,
will be sidetracked, the natural in-
ference being that as interested par-
ties it would be unseemly for them to
investigate themselves or their ap-
pointees. In Republican political circles
the general feeling is that the
exploring knife should be sunk deeply
into this department, which for a gen-
eration has been the source of con-
stantly recurring scandals.

Later it was arranged that he should
meet General Denman early this morn-
ing and take the noon train to Coshoc-
ton, where extensive preparations have
been made to receive him. Before tak-
ing the train for Cincinnati he seized
the opportunity to reply in detail to
the utterances made at Toledo, by
Warren G. Harding charging him with
purposely delaying these exposures.
This is what he said:

"Mr. Harding complains because the
canal disclosures were not made ear-
lier in my administration. He does not
seem to realize the indictment he
makes of the many administrations, all
controlled by the Statehouse and city
boss ring, which never turned a hand.
He pays me an unconscious compli-
ment, too, in expecting such prompt
and effective action without a man in
that department on whom I could de-
pend for help. He refers to the resolu-
tions of 1909 for the appointment of
a Canal Commission, of which I was
to be Chairman.

"It was to examine and report on the
condition of the canals of the state and
make recommendations for legisla-
tion," which I understood to mean, as
citizens generally did, the state of the
canals as to usefulness and whether
and how they should be made instru-
ments of commerce or else disposed of.
Accordingly spent considerable
time in seeking men qualified for that
work whose recommendations would
have real value and carry weight. It
was very hard to find such men who
were citizens of Ohio, as they were re-
quired to be. When found they would
have to be paid for their skill and the
great time the work would require, as
was recognized by the provision in the
resolution for compensation.

"When Mr. Marker was appointed
Chief Engineer four months ago I di-
rected him to look into the way things
were going, and such assistance as he
has required I have been able to pay
from the small contingent fund appro-
priated for the Governor."

eral and the Governor a free hand in
the inquiry is well received because of
the happening of a month ago. Then
Chief Engineer Marker submitted an
exhaustive report showing in detail the
useless positions maintained by the
board and recommending the reduction
of the pay rolls in the amount of
\$24,000.

This report was filed without action
and Marker was given a severe oral
castigation by President Watkins. The
board then proceeded to retaliate by
discharging W. O. Sanzenbacher, a field
engineer, whom Marker had appointed
to fill a vacancy, saying that if he
wanted economy he could have it.

Since that time no action has been
taken toward reducing expenses, and
the report was not taken up at the
meeting yesterday, the only reference
to it appearing in the minutes read by
the Secretary. The feeling was general
that it would be unfair and illogical
to submit to an investigation at the
hands of men so openly prejudiced.

This was heightened by the declara-
tion of Member Kirby, that Marker
was working in the interest of the
Democratic State Committee, a virtual
judgment in advance upon the charges
without even looking into them.

It was not learned until yesterday
that the members of the board, the
subordinate officials and former Chief
Engineer Perkins were vastly en-
raged when the charges were filed.

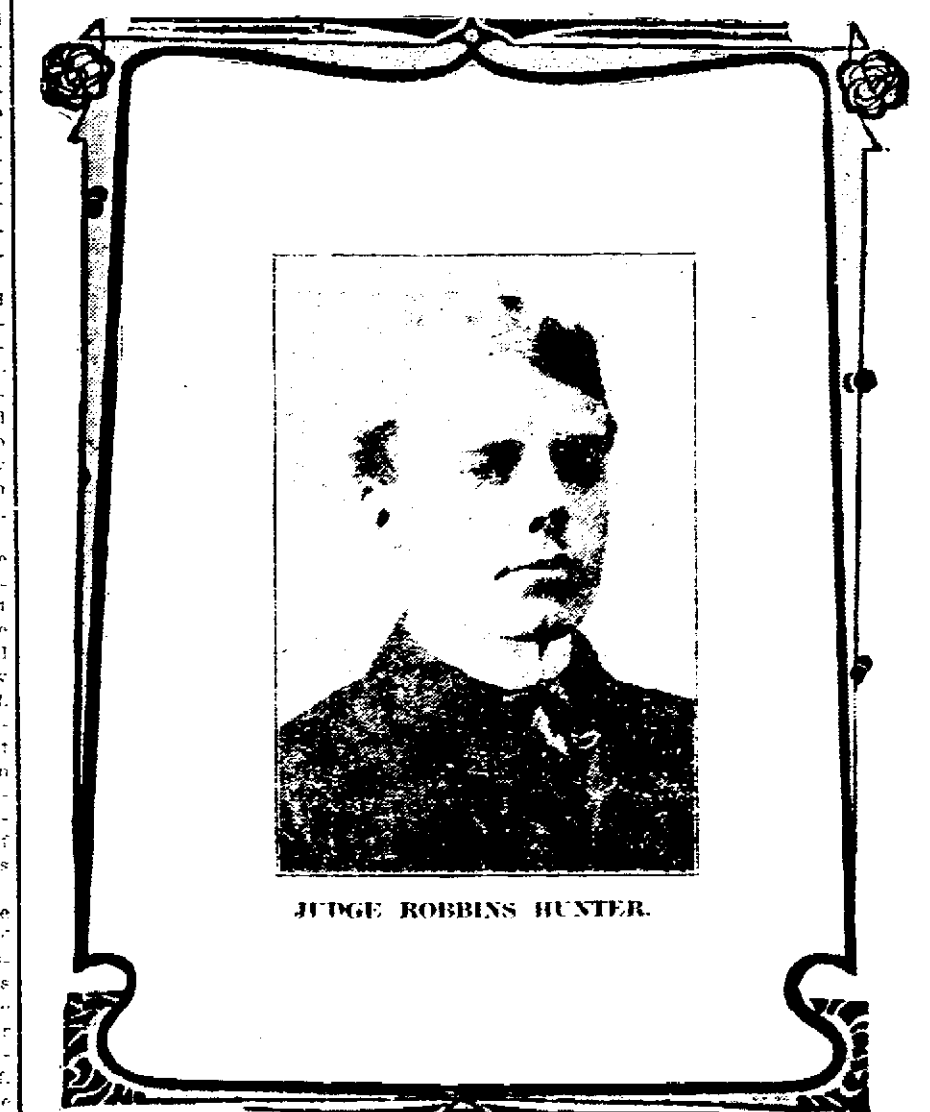

Led by rumor, they had expected
that he intended to file specifications
concerning the suspicious repair work
on the same division of the canal, and
they had come prepared with copies of
contracts, blue prints and other testi-
mony to make immediate reply. Mr.
Perkins having been selected as the
spokesman. To their complete surprise
Marker filed another and totally differ-
ent set of charges relating to other
matters entirely.

While there was communication be-
tween the State Board and the head-
quarters of the Republican State Com-
mittee yesterday and last night there
are reasons for believing that the con-
nection was interrupted today. Sev-
eral of the state leaders connected with
that organization privately said that
the scandal was no surprise, and that
there would be general satisfaction,
regardless of political effect, if there
was a general cleaning out in that
department.

LYNCH PRISONER TAKEN BY MOB

Montgomery, Ala., Oct. 13.—Grant
Richardson, a negro of Bibb county,
was lynched last night near Centreville
by an angry mob of white resi-
dents of the county. He was being
brought to Bibb county jail on a
charge of assaulting a white woman,
and the deputy having him in charge
was overpowered and the negro's body
riddled with bullets.

GOV. HARMON STATES THAT ROBBINS HUNTER IS TO BE THE NEW PROBATE JUDGE

JUDGE ROBBINS HUNTER.

Robbins Hunter, of the law firm of Hunter & Bak-
er, will in all probability be appointed probate judge of
Licking county, to succeed the late Judge E. M. P. Bris-
ter.

Governor Harmon passed through Newark shortly
after noon today on his way to the Coshocoton county
fair. When seen at the Pennsylvania depot he stated
that he had determined to appoint Mr. Hunter and that
he would do so immediately upon his return to Colum-
bus this evening.

SERIES OF GAMES NOW ON

New York Giants and
Highlanders to Battle
for Supremacy

THOUSANDS AT GROUNDS

Players Share of Receipts Ex-
pected to Equal That of
World's Series.

Contestants—New York Giants and
New York Highlanders, respective
runners-up in National and American
leagues.

Stake—Championship of New York
and a percentage of receipts.

Division of Receipts—National
commission, 10 per cent; players, 60
per cent of 90 per cent of the first
4 games, 60 per cent of the players'
share to the winners and 40 per cent
to the losers; balance to club owners.

Place—First and third games on
Polo Grounds; second and fourth on
Highlanders' grounds; fifth, if neces-
sary, at Polo Grounds, sixth at the
Highlanders' Park, and seventh to be
decided by lot.

Length of Series—Until one team
has won four games.

Strength of Teams—Giants bat-
ting average .266, fielding .945; High-
landers, batting .247, fielding .937.

Probable Pitchers for Opening
Game—Mathewson and Ford, with
74.1 and .813 percentages of victories
for the season, respectively.

Betting—Ten to eight on Giants.

New York, Oct. 13.—New York
baseball fans dug up sweaters and
shook campher balls from overcoats
today and headed early for the Polo
Grounds for the first of the series be-
tween the Giants and Highlanders for
the championship of New York. The
whereabouts of Col. Roosevelt,
whether Gaby Deslys is still true to
Manuel, why Walter Wellman has de-

layed his balloon flight across the At-
lantic, who's hooney now and all the
other burning questions of the day
were laid aside for the all-important
matter of whether Russell Ford's spit-
ter would fool the Giants' batsmen,
or Christy Mathewson's fadeaway
work havoc with the Highlanders.
The series has created more interest
here than anything in a baseball
way since the extra game at the close
of the season of 1908 to decide the
National league championship be-
tween New York and Chicago. Should
the series be close, the prospects are
that at least 100,000 people will wit-
ness the first four games and that
the players' share from these will
nearly equal the pot that the Cubs
and Athletics will divide in their
world's championship series.

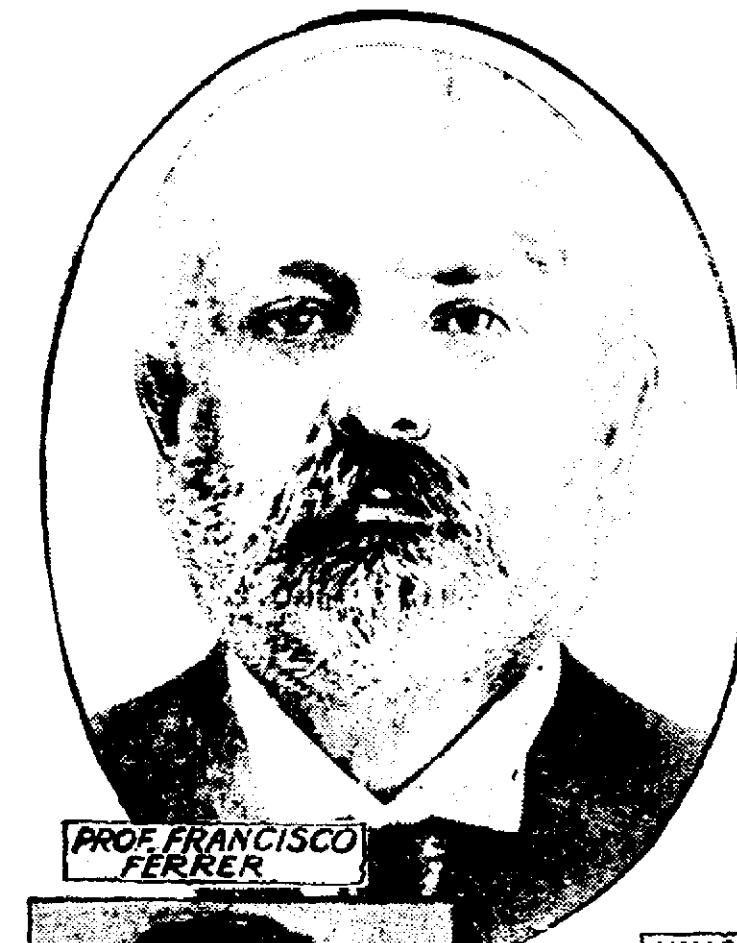

The betting is unusually heavy,
the Yankees supporters covering
eagerly the ten-to-eight money offered
by Giant backers.

The Polo grounds were thrown open
at 11 o'clock this morning, at
which hour several thousand fans
were massed about the entrance. De-
spite the chilly weather, a crowd of
25,000 was expected. The teams will
line up as follows: the pitching se-
lections alone being in doubt:

Giants—Devore, R.; Doolie, 2b.;
Snodgrass, cf.; Murray, rf.; Brice, ss.;
Devlin, 3b.; Merrile, 1b.; Meyers,
c.; Mathewson, Grandall or Drake,
pitcher.

Highlanders—Daniels, R.; Wolcott,
rf.; Chase, 1b.; Knight, ss.; La-
porte, 2b.; Carr, cf.; Austin, 3b.;
Sweeney, c.; Ford, Warhop or
Vaughan, p.

KING OF SPAIN REVIEWING ARMY

Madrid, Oct. 13.—The Spanish people will overlap the frontier and England
militar's warning to parliament that the
of the clerical and anti-
clericals among the workmen
likely to plunge Spain into a civil war
has not served to ease the mind of the
public, which daily is discussing the
possibility that the flame of revolution
will spread to this country. The reported message of
the Spaniards to Barcelona, chief of the
Republicans at Barcelona, in Prov-
incial President Braga of Portugal,
"Start your revolution, we will take
care of ours," is widely printed in the
radical press as indicating Republican
possibility that the flame of revolution
will spread to this country.

ARMED MEN PATROL STREETS AND SERIOUS RIOT EXPECTED

Paris, Oct. 13.—A pitched battle
between police and 16 socialist de-
puties and six chiefs of the striking
railroaders is momentarily expected
here. The 22 men have barricaded
themselves in the office of a Social-
ist newspaper and ignore the demand
of the police that they surrender.
Three hundred policemen, heavily
armed, surround the building.
They have orders to arrest the
men at any cost. The government
today issued permits to the strike-
breakers to arm themselves to pro-
tect railroad property. The strikers
at once secured arms also and the
streets are full of armed men.
A slight disturbance would prob-
ably start a serious riot. Train ser-
vice is completely paralyzed, and
it is believed that by night there will
not be a wheel turning.

KILLED BY AFTERDAMP

Saratoga, Ohio, Oct. 13.—It is ex-
pected here that all of the bodies of
the victims of the mine explosion will
be brought to the surface by to-
morrow night. Some of the bodies show
that the men were not killed by the
explosion but asphyxiated by the deadly
afterdamp. About three-fourths of the
mine has been rendered in fact.

A SCORE WERE HURT.

St. Louis, Oct. 13.—Twenty per-

county.

OHIOAN KILLED BY CAR.

Louis, Oct. 13.—T. C. Foster, an
old resident of this section, was de-
ceased by a suburban car last night
just south of this city. A widow
and four children survive.

CRISIS PAST IN FOREST FIRES

Madison, Minn., Oct. 13.—With
the crisis having been past, the
situation here is quiet. Conditions
have improved since the fire. The
cattle have been moved away from
the burning area and the fire has
been kept under control. No additional
reports of lives lost have been re-
ceived.

Remember all voters re-
moving from one precinct to
another must secure a "re-
moval certificate" from the
registrars. Polls open this
evening from four to nine
o'clock.

HOLIDAY FITTINGLY OBSERVED

Newark Knights of Col-
umbus Banquet at
the Armory

550 GUESTS PRESENT

Excellent Menu Served Followed
by Music and Flow of
Oratory.

The new legal holiday, called Dis-
covery Day, honoring Christopher
Columbus and celebrating the discov-
ery of America by him, was fittingly
observed by the Knights of Columbus
of this city at the Armory last night
when they gave a large banquet.

Christopher Columbus is the pa-
tron of this order and it is largely
through their efforts that the great
accomplishment of Columbus, his
hardships and successes have been
given recognition, and yesterday was
the first time it has been observed as
a legal holiday in the state of Ohio.

The banquet tables were placed in
the Armory. Seats were arranged
for 550 and every seat was filled.
The hall presented a beautiful ap-
pearance, with every conceivable
space overhead filled with American
flags, and from the center of the
ceiling was suspended a large Knight
of Columbus emblem. The walls of
the room were covered with Italian
and American emblems. Five rows
of tables extended the length of the
room and one crossed the top, where
the speakers and honor guests were
seated.

The tables, in the snowy linen, sil-
ver and china, with big center
clusters of cut and garden flowers, pre-
sented an attractive sight. The
speakers' table was lighted by can-
delabra with red tapers. Among the
people seated here were Ray Martin,
toastmaster; Rev. Father O'Boylan,
Father Charles Watterson, Father
Ryan, Father Dunn of Dresden, W. E.
Haas of Delaware, Judge S. H. Nich-
olas of Coshocton, Dr. Sutton of
Zanesville and Mrs. Kelley of Me-
chanicsburg.

Before the banquet was served a
musical program of patriotic airs was
played by Stevens orchestra. The
menu was most elaborate and was
prepared by the women of the two
Catholic parishes, St. Francis de
Sales and the Blessed Sacrament. The
service was quick and everything was
delicious. The following is the menu:

Olives. Radishes. Pickles.
Fried Chicken—Cranberry Sauce.
Mashed Potatoes.
Cream Gravy. New Green Peas.
Cold Ham. Cold Tongue.
Ice Cream. Assorted Cake.
Coffee. Cigars.

At the conclusion of the last course
Ray Martin arose and in an immit-
able way gave a short sketch of the
reasons for the celebration of the day
and the connection of Columbus with
the organization, the Knights of Col-
umbus. He told of the many holi-
days the state honors, and said that
next to the one observed on Dec. 25,
Discovery Day should rank in promi-
nence. He then turned to Mayor
Haas of Delaware and presented him.

Hon. W. E. Haas had been assigned
the subject of "Discovery Day,"
and he treated it in a pleasing man-
ner. He first complimented the ladies
present and then appealed to the
young men to make this new holi-
day an example. He insisted that
they have an aim in life and then to
live up to it. Mr. Haas' talk was
not long, but was very interesting.

The next speaker called upon by
the toastmaster was Rev. Father
R. M. O'Boylan, who had for his top-
ic, "October 12, 1492, and Its Re-
sults." Father O'Boylan, ever an
able speaker, excelled himself last
night. He said that the greatest re-
sult of the discovery in 1492 was
shown in our own state and in our

Lieutenant and Mrs. Verne La Salle-Rockwell (Martha Embree, Lawrence of Smithtown, N. J.) have returned from their wedding trip and are at home in the garrison—Ohio State Journal.

Mr. Orren Seward was the host Wednesday evening to a number of gentlemen friends at his apartments in the Arcade. The evening was spent at cards and the relaying of reminiscences and Mr. Seward furnished excellent music on the piano and guitar, also treating his friends to several piano selections. An appetizing luncheon was served and Marshal Niel roses were given as favors.

SPLEASE—EVANS.
The marriage of Miss Mary Evans, daughter of Mr. and Mrs. Edward Parker Evans, to Lawrence Spease was solemnized in the Episcopal church in Dresden Wednesday morning at 10:30. Miss Laura Pettit of Cohocton was bridesmaid. Both young people have friends in Newark.

GENERAL J. P. COOK DEAD.
Hillsdale, Mich., Oct. 12.—Brig. Gen. John P. Cook, who, as a commander of the Union army, received the surrender of Fort Donelson from the Confederate forces, died yesterday. He was 85 years old. General Cook commanded the first volunteer force formed in Illinois at the outbreak of the war between the states. He formerly was mayor of Springfield, Ill.

THE WEDNESDAY AFTERNOON. Euchre club was pleasantly entertained by Mrs. Frank Fitzhugh yesterday and four tables of players progressed. The first prize at the close of the game going to Mrs. Joe Cooper, the second to Mr. Walter Coffman, and the lone hand prize to Mrs. L. E. Marceau.

THE ENA NON CLUB. entertained with a dance Wednesday evening in Assembly hall and the March orchestra furnished the music for the occasion. Dancing was enjoyed until the midnight hour and a dainty repast was served during the evening. A good sized crowd was in attendance.

THE ANNOUNCEMENT OF THE ANNUAL CONFERENCE OF THE OHIO DAUGHTERS OF THE AMERICAN REVOLUTION has been formally made by the state regent, Mrs. Clayton R. Truesdell of Fremont, Ohio, to all the chapter regents of the state, Mrs. Rose Wilson, regent of Hocking Chapter of this city, being in receipt of the same.

THE TWELFTH ANNUAL CONFERENCE OF OHIO DAUGHTERS OF THE AMERICAN REVOLUTION will be held in Springfield, O., October 26 and 27, and all members of chapters and all members at large will be welcome for the state meeting is not a delegated body. Since Springfield is so centrally located, the state regent and regent and members of Logansport chapter anticipate a large and enthusiastic meeting. The conference will open at 10 o'clock in the morning of the 26th in Christ Church Parish Hall.

AMONG THE PRINCIPAL SOCIAL EVENTS TO BE GIVEN DURING THE CONFERENCE will be the reception to all conference guests on Wednesday evening at eight o'clock at the home of Mrs. Asa S. Apple Slump. Put quartered or sliced apples into a deep granite kettle, add sugar to taste and a spoonful of butter and cook until the apples are nearly tender. Fit over them a rich biscuit crust cut almost an inch thick, cover closely and keep the apples simmering gently for three-quarters of an hour; uncover and place in a hot oven until browned.

BOILED INDIAN PUDDING. Warm one pint of molasses, add four well beaten eggs, one-half of a pound of beef suet chopped fine, one tablespoonful of cinnamon, one teaspoonful of salt, then alternately one pint of milk and sufficient cream to mix to a thick batter. Dip the cloth in boiling water, wring out and flour it; turn the pudding in it and tie up, leaving room for it to swell. Boil steadily for three hours and serve with cream or a liquid sauce.

CARUSO SUED BY AN ITALIAN GIRL

Signor Caruso

A dispatch from Rome says Enrico Caruso, the tenor, has been sued by a girl who gave up her work as stenographer for a lawyer in Milan under the impression that Caruso intended to marry her. The singer was devoted until all summer, and the girl bought a trousseau. With the approach of fall, Caruso wrote a note breaking the reported engagement. The girl has sued for her lost time and the cost of the trousseau.

HEART and HOME TALKS by Barbara Boyd

Little Problems of The Home. The Wife Whose Love Has Grown Cold.

Very pathetic is a letter that comes from a man—and one can see by the penmanship, the phraseology, even the stationery, that he is a man of culture and refinement—in which he says that his wife seems to have lost all affection both for himself and their child. His pleas and remonstrances have no effect. She plainly tells him that she does not care for him any longer, and openly neglects her duties to her home and little daughter. He asks for a word of advice as to the best course to pursue.

Many men under the circumstances would fly to the divorce court. That this man has not shows that he thinks and feels deeply. He is not bitten by the mania for quick relief from his trouble. He wants a cure, but he does not care if the process be slow, so it be the wisest and bring the best results possible.

Though marriage is a contract, it is also more than a contract. We imply to do many more things than we actually promise. And one of the things which every true subscriber to the marriage contract tries to do is to help the other member of the partnership to do right and to be his or her best self. When one does wrong, the other can not simply step aside and say: "Well, you are a free being, go ahead and do as you please." Rather, he realizes it is his to shoulder the task of bringing the erring one back to the path of right living.

It will be argued that one does not want to live with another when love has ceased. But even though love may go, duty remains; duty for the one who has ceased to love, as well as duty for the one who still loves.

DEMOCRATIC CENTRAL COMMITTEE MEETING

The Licking County Democratic Central Committee will meet on Saturday, Oct. 15, at 1 o'clock p. m., at the Democratic headquarters.
J. J. HILL, Chairman.
ARTHUR BOLLWINE, Sec.

DEMOCRATIC CLUB MEETING

There will be a regular meeting of the Licking County Democratic Club at the club rooms on West Main street, Friday evening, Oct. 14, at 7:30 p. m. The meeting will be addressed by George B. Thompson of Columbus, O., and other good speakers.

How Can Reps. Bolt Dick for Senator?

There is quite a disposition among the unbossed Republican newspapers to bolt the nomination of Dick for United States Senator. Occasionally, too, a Republican candidate for the Legislature states that he is not pledged or bound to vote for the Senator, notwithstanding the fact that said candidate having voted at the primary a which he himself and Dick were both nominated he is pledged to support the ticket. And moreover, the state convention, at which George B. Cox "passed" ninety-one Hamilton county delegates to Harding and nominated him, adopted Dick's platform. The Republican party of Ohio has made Dick's platform its own. It is responsible for Dick, and it made no effort to head him off when he got his name on the primary ticket under the law to which the party points with some pride. Any attempt now to repudiate Dick doesn't go. The only way to defeat him is to elect a Democratic Legislature.

HARDING'S CAMPAIGN HAS COLLAPSED

Candidate Harding's graft campaign has collapsed. He started out by trying to shield Republican grafters, who have gouged the state out of hundreds of thousands of dollars, by trumping up alleged graft charges against Democratic officials for petty amounts, and all such charges have recoiled upon himself.

Mr. Harding did not tell his auditors that he refused to pay back overcharges for official advertising checked up against his paper, the Marion Star by examiners of the state bureau of accountancy, until after the fact was made public that a suit to compel him to pay back has been pending in the courts of Marion county for two years.

Then there is the correspondence between Harding and State Treasurer McKinnon relative to placing state deposits in a bank at Marion. Mr. Harding's letter to McKinnon is missing from the files of the state treasury, but the letter written in reply shows that Mr. Harding personally requested that a certain bank be favored with state funds.

Mr. Harding should have known his ground better before he began his campaign. His counterplot has proven a fiasco. Mr. Harding himself, unconsciously and unintentionally, has given the best of reasons why he and his whole ticket down to and including Watkins, who wants to continue his grafting opportunities on the state board of public works, should be defeated.

Never were party bosses in such a desperate state of demoralization in a campaign as Harding and Dick and Cox are at the present. It is a bad year for grafters and it looks like the tidal wave that is sweeping the country will be the most overwhelming right in Ohio.

Mr. Harding evidently thought that if his letter to State Treasurer McKinnon were secretly removed from the files in the office, his application for state money would not be found out. It was very thoughtful in Mr. Harding not to allow the letter to become public property. But there was the file of the State Treasurer's reply, that Mr. Harding did not think about, and that was the tell-tale.

AS SOON AS HE COULD

Candidate Harding tried to fool the people of Ohio into believing that Governor Harmon should have made his canal exposures a year ago. How could he? Governor Harris called a special session of the present Republican legislature to meet a week before Governor Harmon was inaugurated. The legislature was in session the last week that Governor Harris was in office.

The very first thing that was done, after the legislature met and organized, was to confirm all the recess appointments made by Governor Harris so that Governor Harmon could not fill the vacancies until the terms of all such holdovers expired.

THE VERY FIRST NAME ON THE LIST OF RECESS APPOINTMENTS SUBMITTED TO THE LEGISLATURE BY GOVERNOR HARRIS WAS THAT OF CHIEF ENGINEER PERKINS. THE ONLY EMPLOYEE OF THE STATE BOARD OF PUBLIC WORKS THE GOVERNOR CAN APPOINT.

The Democratic senators opposed the confirmation of Perkins, but being in a minority opposition was futile. The Republican majority confirmed Perkins. AND HIS TIME DID NOT EXPIRE UNTIL MAY OF THIS YEAR.

In May Governor Harmon got his first chance at the canal graft through the appointment of Chief Engineer Marker. And what has been exposed since is appalling.

Make it a clean sweep this year. Don't stop with the re-election of Governor Harmon. Don't tie his hands as they were tied two years ago. Give him the assistance of a full staff of state officials by electing all his associates on the state Democratic ticket, and a Democratic majority in both branches of the legislature.

Woolen goods have gone up and helped swell the cost of living, and the price of wool has dropped for the wool grower, all since the friends of the tariff revised it and put the Payne-Aldrich law into effect. Here's a subject on which the Republican spell-binders will not be able to pull the wool over the eyes of the growers and the consumers.

REPUBLICANS ON THE DEFENSIVE AND ON THE RUN, CAN'T STOP THE TIDAL WAVE IN OHIO

Announcement is made from Republican state headquarters that Attorney General Grant Denman will be taken off the stump so as to give his time and attention to investigating the canal graft exposures that have just been made public by Chief Engineer James Marker. This shows pretty plainly that the campaign will continue as it began, Governor Harmon and the Democrats making graft exposures and charges, while the Republicans from Harding down are on the defensive and on the run.

The great tidal wave of political reform that is sweeping the country from coast to coast cannot be stopped in Ohio by Warren G. Harding, George B. Cox and Charles Dick. Neither can the Taft administration or Ex-Senator Foraker check it. The campaign has progressed far enough to settle this fact beyond doubt.

We have the greatest opportunity for the Democracy to regain power in the states this year, and in the federal government in 1912 that has presented itself since the Civil war.

Governor Harmon's triumphant election is practically admitted today by many men of all parties.

Now, fellow Democrats of Old Licking, let nothing be left undone to secure for Governor Harmon a still larger majority than was cast for him in this county two years ago.

Take such measures as will get out every Democrat to the polls on November 8.

IN THE MIRE.

Now the state board of public works is going to "investigate" itself and each other. Denman has been called off the stump to help purge the canal grafters. It's the same old story and the same old game. What have they been doing that they didn't investigate themselves sooner? How about it, Warren G.? HARMON HAS MADE GOOD.

The great issue before the people is graft, and in Ohio today the grafters are on the run. It is no use for the bosses or their organs to try to stem the tide by raising side issues to distract the people. Side issues will not fool the voters this year.

Isn't it awful the way that Governor Harmon is playing politics? Behold how Harding and Cox and Dick are on the defensive and on the run!

J. W. RUTLEDGE

Licking county Democrats may well be proud of their candidate for County Treasurer, Mr. James W. Rutledge. Mr. Rutledge is a native of this county, being a son of the late Col. W. D. Rutledge, who all his life was one of the staunch Democrats of the county. Mr. Rutledge is a member of the firm of Rutledge Brothers, the well known clothing merchants of Newark, and is known throughout all Licking county as one of the most honorable and popular men in the county. He is genial, accommodating

J. W. RUTLEDGE.

and obliging at all times. He served two terms as County Recorder with marked ability, and made a record for efficiency equalled by few officers ever elected in the county and he was never too busy to give his time and attention to any who had business with him, or who sought for information which he was able to give. He is a man that is strictly honest and in every way qualified to perform the duties of the office to which he has been nominated by his party, and the Advocate can recommend him to the voters of the county, irrespective of party, as a man worthy of any confidence reposed in him. Mr. Rutledge was born on a farm in Franklin township, this county. In his early youth he attended the district school in his neighborhood until he was 14 years old when he met with an accident, being thrown from a horse which rendered him perfectly helpless for a number of years, and crippled him for life. His misfortune, however, did not daunt his enterprising spirit, and during the years that he was helpless he devoted much of his time to study, improving his mind and preparing himself to follow the profession of teaching. When he was finally able to get around on crutches he began teaching school and followed this vocation for some twelve years, when he was elected County Recorder.

Mr. Rutledge is a member of a number of secret societies, being a prominent Mason, and has served his lodge as Master and has also represented his lodge in the Grand Lodge of Ohio. He is also a member of Newark Lodge of Elks, the Knights of Pythias and the Modern Woodmen. In the Elks lodge he has been honored with the position of Exalted Ruler.

He is a Democrat because of the principles for which that party stands—government of the people, for the people, by the people, and earnestly believes that the only hope of relief for our people from the now existing conditions must come through the efforts of the Democratic party by the application of its time honored principles. He is a worthy man and will discharge every duty that connects itself with the duties of County Treasurer, and any confidence imposed in him will never be misplaced.

SEEVER'S LAXATIVE TONIC TABLETS.

The Correct Laxative for Women.

Mere physical beauty, enticing as it is, will not permanently avail in the absence of a clean, fresh, healthy skin and complexion. A woman may have perfect features, a youthful form and a graceful figure, but without the health and bloom of a clear skin, perfect beauty is impossible. When the skin is muddy or cloudy or marred by moth spots and pimples, nine times in ten it is due to nature's inability to perform the function essential to perfect health. Many a Newark lady could truthfully tell of the remarkable properties of Seever's Laxative Tonic Tablets as a skin beautifier, and the reason is easy to find.

They are purely vegetable extracts known to have a selective action for the skin.

They improve the complexion, clear up the skin, enrich the blood, stimulate the liver, tone up the intestines and cure chronic constipation by encouraging the bowels and assisting the nature to do its own perfect work. Erman & Son recommend them with every confidence and a 25 cent package of Seever's Laxative Tonic Tablets must do as is claimed of them, or you can have your money back.

Remember all voters removing from one precinct to another must secure a "removal certificate" from the registrars. Polls open this evening from four to nine o'clock.

It's the World's Best. No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sore eyes, cold sores, chapped hands or sprains it's supreme. Infallible for piles. Only 25c at F. D. Hall's.

EVERY TAXPAYER OUGHT TO KNOW

The convention which nominated Harding for Governor plagiarized Governor Harmon's platform on the tax question. The Columbus convention as good as admitted that Harmon was right when he insisted on assessments at the true value and a limited tax rate not to exceed ONE PER CENT.

The present legislature with a Republican majority in both branches refused to enact the kind of a tax limit law favored by Governor Harmon, but enacted instead a law fixing the limit at 1½ per cent, with "elastic" provisions for pushing the limit still higher.

Harding's platform was adopted a month after Harmon's platform was promulgated by the Dayton convention, and two months after the adjournment of the Republican legislature.

After viewing the record left behind by the legislature, he is a very thoughtless man who will put any faith in a platform declaration that belies the party record so completely as Mr. Harding's platform belies the record of the present Republican legislature on taxation measures.

If the taxpayers of Ohio want a fixed limit to taxation such as is favored in the Democratic platform and the Republican platform it will be necessary for them to reelect Governor Harmon and back him up by electing a legislature with a Democratic majority in both branches.

A PLAIN PROPOSITION

Had not Judson Harmon been elected governor in 1908 there is no reason to believe that a single one of the schemes for plundering the state treasury would have been brought to light and broken up.

For years the capitol had been honeycombed by a system of public plunder, and it had become a species of jocularly to make serious inquiry as to how men whose official salaries were from \$2000 to \$5000 a year live "at the top of the pile," and save from \$20,000 to \$30,000 a year out of their salary.

To turn Governor Harmon down at the polls would be to endorse the saturnalia of grafting under the boss regime which built it up, and invite its restoration as the fixed policy of a party which has forfeited the confidence of all honest men regardless of their former political affiliations.

HOW ABOUT THIS TIME?

Every time "the friends of the tariff" fooled the people they had a different pretext.

Two years ago it was an ambiguous platform and Mr. Taft's promise of "substantial revision downward."

Now it is a "scientific revision" by a make-shift tariff commission which is to revise the 14 schedules of the tariff bill, ONE SCHEDULE AT A TIME. Mr. Harding highly approves this plan.

President Taft and Mr. Harding may think this will do to fool the people this time.

Anything at all to fool the people this time. Next time they will try something else.

Are you easy enough to be fooled this time?

LET THEM ENJOY IT ALL BY THEMSELVES

"An 'old subscriber' writes to the editor and inquires: 'What part should Democrats take in the Republican fight between the standpatters and insurgents?'"

Take no part, but follow the sound advice of the honest old German farmer in Ross county, given to his two boys who wanted to join some of the neighbor boys in killing and skinning a dozen polecats which they had inveigled into a raipen.

"Der wise man and der wise boy," said Mr. Dine, nefer helps nobody to skin dem polecats nor he wants to sleep any place else but out behind der barn mit der cows and under dings for der next teen or foot-steen weeks.

"Took your fader's advice, boys, und let Shake und Peter und Hans und der rest of dem enchoy der sweet bleasure of skinning dem polecats derseifs.

"After der goot work is done, der boys und der polecats vill smell exactly alike, und den der people vill know who don't belong mit dat crowd."

So long as the "progressive" or insurgent Republicans insist on staying behind the party wall with the "standpatters" or STALWART Republicans, let them fight among themselves.

Harding says he is not an insurgent and could not be one. He says he is a STALWART, which is the same thing as admitting that he is a stand-patter of the stand-patest kind.

The real "progressive" or insurgent Republicans will climb over the party wall and help the Democrats rout the Stalwart stand-patters, as they did in the Old Colony district of Massachusetts, the Rochester district of New York and in Maine this year.

TEDDY'S JAB AT UNCLE JOE

Danville, Ill., Oct. 13.—About 2,000 people were gathered here when Col. Roosevelt's train pulled in today. He made his usual anti-corruption speech and landed on the Illinois jackpotters. While he talked a streetcar pulled through the crowd. It interrupted him a minute and he told the crowd, "even in Danville you have some people without much sense."

The crowd took this as a sly jab at Cannon and shouted. Roosevelt talks for Senator Beveridge in ten Indiana towns today.

Veedsburg, Ind., Oct. 13.—With a ringing endorsement of Beveridge's tariff stand, Roosevelt opened his one day campaign in Indiana at Corydon today. He declared he thinks the American people favor a protective tariff if it is justly administered. After commending Beveridge's tariff ideas Roosevelt said: "If you defeat Senator Beveridge you defeat a man that stands for what is decent in our government."

Revision of the paper and pulp duties would doubtless prove satisfactory to the Steel Trust and Woolen Manufacturers' Trust. If first put into the Taft hopper of one schedule at a time. But then the Paper Trust would be apt to have some objections.

FIRE STEED TURNED OUT ON PASTURE

Is Victim of Rheumatism and "Al-
len" Will Never Make Another
Run — Always Slept
Standing.

No more will "Allen" respond to fire calls that are sent to the Central fire station, for Allen is the victim of rheumatism and his days of usefulness to the fire department are over. Yesterday he was taken to the Val Ketter farm and turned out to pasture where he will probably spend the rest of his days.

Allen entered the service of the city when he was five years old and for seventeen years he has been stationed at the Central fire station and in this length of time he has missed but few calls. Later he has been troubled with rheumatism and as one of his legs became stiff his usefulness dwindled and it was finally decided that it would not be wise to keep him and a younger horse was Wednesday installed for service with the heavy hook and ladder truck.

Allen was peculiar in some respects and he was never known to have laid down in his stall. All his sleeping he did while standing and frequently he fell to his knees while asleep, but he never stretched out in his stall as the other horses did.

Driver Priest of the truck drove Allen for years, and there was a suspicious moisture in the fireman's eyes when he saw the old horse leave his stall for the last time, for it was the parting of old friends who had braved dangers of many furious runs together in their years of service in the Newark fire department.

FILTHY STOMACH

Food Fermenting in Stomach Causes
a Rank Condition.

When you have indigestion your food sours; many times it actually rots and forms gases that poison the blood.

Take MI-O-NA stomach tablets if you want to change your bad stomach into a healthy, clean one.

MI-O-NA is the best prescription for upset stomach and indigestion ever written. No matter how miserable your stomach feels MI-O-NA stomach tablets give immediate relief.

Take MI-O-NA stomach tablets, which are guaranteed to cure indigestion, and rid yourself of dizziness, biliousness, nervous or sick headache or money back.

Take MI-O-NA tablets if you want to make your stomach so strong that it will digest the heartiest meal without distress and furnish good, clean nutritious blood making elements to the body.

Take MI-O-NA tablets, one or two with or after each meal, if you want to get rid of that drowsy, tired out feeling.

Fifty cents is all Evans' Drug Store or leading druggists everywhere ask for a large box of MI-O-NA tablets.

EX-GOVERNOR STANLEY DEAD.

Wichita, Kan., Oct. 13.—Wm. E. Stanley, former governor of Kansas, died at his home today. He was born in Knox county, Ohio, in 1844 and was a graduate of the Ohio Wesleyan law school.

UNLUCKY THIRTEEN ON HALF DOLLAR

"Oh, you unlucky half dollar," said a traveling man as he twirled a coin of that denomination between his finger tips. Then placing it in the palm of his hand he pointed out that on the face of the coin are thirteen stars. There are thirteen leaves visible in the wreath about Liberty's head. On the back of the coin, thirteen stars again appear. The eagle wears a breastplate of thirteen bars, grasps in the claws of one foot thirteen arrows and a thirteen-leaved olive branch in the other. And lastly the motto "E Pluribus Unum" contains thirteen letters.

How To Surely Get Rid of Rheumatism

Phenomenal Results Of Positive Anti-
dote to Uric Acid.

The first dose of two of the positive antidote found for uric acid, gives immediate relief in all forms of rheumatism, gout, lumbago, and kidney trouble and quickly brings on a cure. Every man and woman who

has already tried it knows that this statement is true. This antidote, called the "Fuss" Rheumatism Cure, was already cured over 1,000 cases of Rheumatism. An illustration is given of Mrs. Mary E. Flynn of Oswego, N. Y., who was old, of a 15-year case of Rheumatism in 1915. It cured. Mrs. Flynn, a well-known lady, sister of Prof. M. J. Flynn, of the famous "Fuss" cure, has proven that it is the world's cure for Rheumatism. The "Fuss" Rheumatism Cure, moreover, is absolutely free from all dangerous drugs, stimulants or narcotics, from opium, morphine, alcohol, cocaine, ether, chloroform or alcohol, and is guaranteed to the United States Government. The "Fuss" Rheumatism Cure, sold at \$1.00 a bottle in Newark by J. W. Collins & Son, R. W. Smith, T. L. Evans and E. M. and Son, and by all leading druggists, or will be sent prepaid on receipt of \$1.00, or 6 bottles for \$7.00, by the Fuss Remedy Co., Flint, Mich.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at
Home. Saves You \$2.

This recipe makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much on as good cough syrup for \$2.50. Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, more lungs, asthma, throat troubles, etc.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (50 cents worth) in a pint bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualic acid and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or your money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

AMUSEMENTS

THE ORPHEUM.

New faces, bright new jokes, original turns and an abundance of clean comedy combine to make this week's bill at the popular Arcade playhouse one of the most satisfactory given at that place during the present season. Conwell & O'Day are heading the bill with a cargo of funny jokes and plenty of eccentric dancing. One of the best comedy acts that has ever appeared in the city of Newark—Miskell, Hunt & Hiller, in a high class musical act, introducing cornets, trombones, saxophones, horns and piano. This turn is certainly a rare treat, and Miss Miskell's singing in a boy's voice is a feature of the act. The Drapers are also making a decided hit in their sketch entitled "That Coon From Mobile."

Mr. Felix Berol, who is one of the Michelangelos, now appearing at the Orpheum, gave out some interesting facts regarding the origin of rapscallions, which specialty Mr. Berol was the first to introduce in this country and in Europe. Mr. Berol while touring Japan was invited to inspect a Japanese prison. As is the custom in other countries, Japanese prisoners are allowed to see trifles of their manufacture to visitors. One life prisoner offered beautiful handkerchief boxes carved out of solid wood and covered with beautiful pictures made entirely out of rags and all sorts of odd and ends for sale. Everybody bought a good supply, to be used for presents for friends at home.

Mr. Berol attended a performance at one of the native theatres and there for the first time witnessed a public exhibition of rag picture-making. The idea struck him as novel and as at that time the Russo-Japanese war broke out and as the company received a gentle invitation from the government to leave the country as quickly as possible, as no white man's life was safe in Japan at that particular time, the show cancelled all further Japanese engagements and returned by way of China, India, Egypt and England to the United States. By that time the idea of a rag picture act had been worked out, and upon arrival in this country they opened a successful engagement at Hammerstein's Victoria Roof Garden, and then played in every first class house in the country, being the first to show this style of art anywhere. The idea of combining clay modeling with the rag picture is only of a later date, but it is a very pretty and interesting combination. The team is booked over the entire Sun circuit of Ohio towns and returns to Europe in May for a string of engagements in England and the continent.

KEITH VAUDEVILLE.

Every day the Auditorium theatre makes new friends. Just as often as a person drops into the theatre for a show for the first time he is sure to come back, for the bills that have been appearing there of late are of the highest order.

But a funny thing about the Auditorium theatre, it seems that once a person is seated in there he freezes, that is he gets so stiff that to give a good act a hand or to laugh a joke is a great loss of dignity. The first three days of this week saw as good a popular priced vaudeville show as one would care to see. Was the audience enthusiastic? Not much. Wooden people could not have been less so, and what is the result? The actors lose interest and you miss much that you would otherwise see, for some of the best numbers feature their encores. If you enjoy an act applaud it, your neighbor won't think any the less of you.

The bill for the last three days of this week, opening with today's matinee is as follows: Florio Onis and company in a musical sketch that is right up to the minute and alive and second. The three acts have one of the best variety acts in the time. Eubank and Danforth have an exceptionally clever musical act. Florence Razzard is a real comedienne and her songs are all big hits. Danby and Williams have a singing and dancing act that is marked by originality and fine costuming.

PHONE COMPANY TO ERECT FINE NEW BUILDING

Fireproof Structure in Rear of Hotel
Dorcy, With Entrance from the
Arcade—Ground Floor
Office.

The Newark Independent Telephone Company will at once erect a modern two-story brick building upon the W. D. Fuller lot, rear of the Hotel Dorcy, with an entrance on the Arcade.

Several weeks ago the local company was granted a franchise to build and operate an automatic telephone exchange in Newark, and by April 1 the new system will be in operation. As a contract has been made with the Automatic Electric Company of Chicago, Howell & Thomas, architects, who designed the Arcade are at work on plans for the new structure, and work of construction is to be started at once. The company will have a ground floor office and toll room with entrance from the Arcade, and will use the basement and second floor for the mechanical and electrical equipment.

OUTDOING EXPECTATIONS.

Wonderful Success of W. A. Erman
& Son's Half-Price Sale of Dr.
Howard's Dyspepsia Specific.

We are always glad to print in the Advocate a story about a remarkable success achieved by advertising, and especially so when the article advertised is one of superior merit.

Not so very long ago W. A. Erman & Son, one of Newark's most enterprising druggists, succeeded in getting the Dr. Howard Co. to allow them to sell their Specific for the cure of constipation and dyspepsia at half price, as an introductory offer.

The results of this advertising have been phenomenal, and there has been hardly a week without W. A. Erman & Son being obliged to order fresh supplies.

Such was their confidence in the remedy that they personally guaranteed every package of the Specific that they have sold, and agreed to refund the money if it did not cure.

Their faith was well founded, for out of the hundreds of packages they have sold, only one has been returned.

NEW PASTOR TENDERED A RECEPTION

Churches of Granville Welcome Rev.
F. M. Evans—International Secretary
of B. Y. P. U. Visits
Granville.

Granville, Oct. 13.—The members of the Methodist church and the other churches of the village gave a reception in the Methodist church on Wednesday night in honor of the new pastor of the Methodist church, the Rev. F. M. Evans. The church was crowded with people all the evening and Rev. Mr. Evans got acquainted with nearly all the members of his church as well as with many outside of the church. The occasion was a very delightful one and was greatly enjoyed by those who were present. Thus far the new pastor has made a very favorable impression on the members of his church.

During the past week the Rev. Geo. T. Webb of Philadelphia, has been an honored guest at Granville. Rev. Mr. Webb, who is the international secretary of the B. Y. P. U., with headquarters in Philadelphia, came here to visit his two sons who are in Pension. While here the members of the Young People's Society had the pleasure of listening to a very entertaining and instructive talk delivered by him in the Baptist church.

Miss Grace Harknough of Danville, O., who has been visiting friends here during the past several days, returned home.

Mr. and Mrs. Elihu Williams of Canton, O., have been visiting at the home of Mr. Williams' brother, F. H. Williams, north of the village, for a few days.

Mrs. John Montgomery, west of town, is reported as being quite sick.

The members of the Beta Theta Pi, who are noted for the excellence of their little social functions fairly outdid themselves Wednesday night when they handily entertained a number of their lady friends at their chapter house.

Mr. Charles Watkins, the enterprising painter and decorator, has been awarded the contract for painting the exterior of the postoffice building. Work was commenced Thursday morning. That the work will be satisfactory to all concerned is an assured fact. His work in the village speaks for itself.

After a pleasant visit of a few days with Miss Bessie Day, in the village, Miss Florence Caffrey has returned to her home in Cleveland.

William Reese, proprietor of the peanut roaster and pop corn roaster, played in hard luck a day or two ago. At the conclusion of each day's work William stores his roaster in the Chrysler warehouse, and a night or two ago some one with a love for peanuts broke into the warehouse and appropriated about fifty sacks of his peanuts. William has a pretty good idea who the fellow is and as the matter is a penitentiary offense there is likely to be trouble over the matter.

Black Silk
You Will Be Proud of the appearance of your stove
IF YOU USE
Black Silk Stove Polish

It makes old stoves look like new and lasts four times as long as any other shine. Don't imagine all brands of stove polish are alike. Black Silk is different. It's so much better than other stove polishes that there is absolutely no comparison. It's in a class all by itself.

It makes a brilliant, glossy shine that anneals to the iron—don't rub or dust off. Give it a trial. Try it on your parlor stove—your cook stove or your gas range. If you do not find it the best stove polish you ever used, your dealer is authorized to refund your money.

Here is what some of the ladies write us:

"I like Black Silk Stove Polish better than any I have ever used. People say, 'where did you get your new stove, and I tell them it's Black Silk Stove Polish that makes it look like new.'"

"I will not use any other kind when I can get Black Silk Stove Polish. It makes stoves look nicer and stay nice longer than any other polish."

"Black Silk Stove Polish is by far the best I ever used. I have tried many different kinds but find none as good."

"Like Black Silk Stove Polish better than any I ever used. Several parties in this neighborhood are anxious to get some of your polish since they saw my stove after using it."

Ask your hardware and stove dealer for Black Silk Stove Polish and refuse a counterfeit brand. Costs you no more than the ordinary kind so why not have the best?

Notwithstanding the stringency of the times there has been quite a good deal of work on the building line in Granville this fall. Several new structures have been erected and a number of additional ones are in course of construction. John Hulshizer is at work excavating for the foundation of a new house to be erected on Maple street.

Mr. and Mrs. L. G. Harrison of Bucyrus after a short visit at the home of G. H. Wilson near this place, have returned home.

One of the most enjoyable social functions of the past week in college fraternity circles, was the function of Wednesday night when the members of the Sigma Chi fraternity entertained a number of their lady friends at their chapter house on East Broadway.

The regular meeting of Altamaha Lodge, Knights of Pythias of this place, was held on Wednesday night, when there was an unusually large attendance of the members, who had been called out from the fact that it was understood that arrangements were to be made for attending the county meeting of the Knights of Pythias, to be held in Newark on Thursday evening, October 27, on which occasion the celebrated Alexandria team will do the work. From present indications a large number of Granville Knights will attend the meeting. It is expected that every lodge in the county will be represented.

Granville people, and the Baptists in particular, will be interested in learning that the future of Lake Hiawatha Park Assembly at Mt. Vernon, will be determined upon at the meeting to be held in Mansfield the first of next week. However, it is claimed that there is no possibility of the assembly being held in Mt. Vernon in the future, as the members of the committee, who have the matter of selecting the site for the assembly in hand will not consider Mt. Vernon.

If you are not registered do not neglect this important duty. Polls open this evening from four until nine o'clock.

Daddy's Bedtime Story

The Three Wise Men of Gotham

"You Two Men Have as Much Brains in Your Head as I Have in My Bag."

"In England, children," began daddy one evening when Jack and Evelyn were all ready for their good night story. "There is a town called Gotham. In olden times the people of England used to think and say that the people of Gotham were all silly. Of course that was not true, but they still tell many funny stories of the foolish men of Gotham."

"One day two of the men of Gotham met on a bridge near the town. One of them was going to the market, and the other was coming from the same place. 'Good morning, neighbor,' said the second man. 'Where are you going?'"

"I am going to the market to buy sheep," said the first man.

"To buy sheep?" said the other man from Gotham. "And which way shall you bring them home?"

"Why, over this bridge, of course," said the man on his way to market.

"Oh, but you shall not," said the other. "This bridge is not safe for sheep. And with that they commenced quarreling as loudly as they could. Then the man who wanted to buy the sheep said: 'You had better look out. You are crowding my sheep off the bridge.'"

"I don't care," said the other man. "I will not let them on this bridge."

"You had better look out," said the other, "or I shall beat you."

"As they quarreled a neighbor of the two came up. He had a bag of meal on his shoulder. He heard them talking about sheep, but he could see none. 'He stopped to listen to them for a short time; then he said: 'You are two foolish fellows, quarreling about sheep that have not even been bought yet. I see it is my business to give you a lesson in common sense. One of you help me to get this bag of meal on my shoulder.'"

"Then the two foolish men stopped quarreling long enough to help their neighbor get his bag of meal on his shoulder. When it was placed there he walked upon the bridge until he was in the very middle, just over the river."

"Now listen to me, you two nincoms," he said. "You ought to be ashamed of yourselves for quarrelling so. Just watch me!"

"And with that he took the bag of meal from his shoulder, untied it and turned it upside down, emptying all the good cornmeal into the river."

"There," he said. "You two men have as much brains in your head as I have meal in my bag now."

"But he lost all his meal, didn't he, daddy?" asked Jack.

"To be sure he did, son," said daddy. "He was as big a fool as the other two, if not bigger."

Interesting Reading for Tubercular Invalids

The makers of Eckman's Alternative—the medicine that is curing tuberculosis all over the country—will send direct, a pamphlet and other literature, that every consumptive should read. It tells in their own language the story of those whom Eckman's Alternative has cured. As this booklet holds the heart evidence of a father whose only son was cured of tuberculosis by Eckman's Alternative, after all hope had been abandoned, would it not carry some weight with you? A specimen: "In July, 1905, I first noticed the conditions that showed I had consumption. I lost weight rapidly, had a hollow cough, hemorrhages and very severe night sweats. My brother recommended Eckman's Alternative. In the Fall of 1905 I began to take it. At this time I am perfectly well and robust. My appetite is good and my weight has increased from 110 to 140 pounds. Not a trace of my old trouble remains. I will gladly express the merits of this medicine to anyone." M. L. GERHARDT, Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Write to the Eckman Laboratory, Philadelphia, Pa., for additional evidence. CURES PIMPLES QUICKLY.

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past, W. A. Erman & Son have done the biggest business they ever had in any one article in selling Hokara, the skin food that has won so many friends in Newark.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound or disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, W. A. Erman & Son will sell a liberal-sized jar for 25c., large size 50c. And remember that if you do think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

SWITCHMAN CRUSHED.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson of Calamine, Ark., when all else failed and I gained 47 pounds in weight. It's surely the king of all cough and lung cures. Thousands owe their lives and health to it. It's positively guaranteed for coughs, colds, laryngitis, asthma, croup, all throat and lung troubles, etc. and \$1. Trial bottle free at F. D. Hall's.

Where 4¢ a Day Per Acre Brings Prosperity

You've Got to Make a Change Some Time.

Are you finding it difficult to make both ends meet on an obstinate eastern farm or in a dirty factory? Isn't life in the east yielding less for you than it did a few years ago? Wouldn't you like to live in a climate like that of Southern Italy and make five or ten times as much money as you are making to-day, with one-quarter of the work? Wouldn't you like to "get out"? Get out NOW. Make a change that will bring you fortune and happiness. You've got to make a change some time, you know. **MAKE IT NOW.** Here is the opportunity.

In the beautiful, productive Sacramento Valley, in California, are hundreds of thousands of virgin acres, watered by irrigating streams from the Sacramento River. Behind this project is the Sacramento Valley Irrigation Company, headed by Mr. W. S. Kuhm, of Pittsburgh, Pa. **Luther Burbank and California.**

Luther Burbank, the great horticultural wizard, performs his marvelous feats in the Golden State of California, and calls the Sacramento Valley "The Nation's Greenhouse." He is deeply interested in this great valley and declares that, irrigated, it is one of the most productive localities in the world.

Costs Only 4c. a Day Per Acre.

This opportunity to get on the sunny side of prosperity is all the more wonderful when you consider that this land costs you just about four cents a day per acre, payable in remarkably easy instalments. If you like you can extend the time of payment over a period of ten years, so that the land pays for itself many, many times over, at the same time enabling you to grow that long-wished-for bank account.

Water rights, etc., are guaranteed by the State of California and are a valuable asset.

See What Grows and Just Look at the Acres Crops Bring.

Everything grows. The ordinary crop of a year squeezed into two or three months. Nearly every fruit and vegetable grows in the Sacramento Valley, and a variety of crops that make you gasp as you think of them. Remember, a forty-acre farm here is equal to one many times the size of the one you are now on. You will understand why when you are told that the ordinary net profit per acre ranges from \$80 to \$400—quite oranges and lemons produce as high as \$2,500 to \$3,000 per acre. Here are the figures, published by 3 Chambers of Commerce and a State Board of Trade:

Net profit per acre from
Almonds, \$40 to \$100; Apricots, \$50 to \$150; Alfalfa, \$40 to \$80; Asparagus, \$100 to \$250; Beans, \$60 to \$100; Blackberries, \$250 to \$300; Cherries, \$100 to \$225; Sugar Beets, \$30 to \$75; Figs, \$100 to \$200; Grape Fruit, \$75 to \$200; Grapes, (various) \$50 to \$150; Lemons, \$100 to \$225; Logan Berries, \$250 to \$400; Oranges, \$100 to \$200; Olives, \$50 to \$200; Sweet and Irish Potatoes, \$50 to \$150; Peaches, \$100 to \$200; Prunes, \$100 to \$200; Plums, \$100 to \$200; Strawberries, \$150 to \$300; Tomatoes, \$50 to \$150; Walnuts, \$100 to \$200.

And Such a Climate!

The Sacramento Valley has 238 days of sunshine a year—more than Southern Italy. There are no damaging droughts, snows, cloudbursts, blizzards, or washouts. Oranges and lemons ripen six weeks earlier than in the Los Angeles district and the southern part of the State. This is due to the protecting mountain ranges which surround the valley.

Hungry Markets Nearby.

Out of the ground—to market—sold! That's the story in the Sacramento Valley. Hungry markets are right at hand for the disposal of crops at best prices. Roads which radiate in all directions from property make markets easy of access. Property is on the main line of the Southern Pacific Railroad, and is only 88 miles from Sacramento and 150 miles from San Francisco. The nearby Sacramento River is open to freight navigation the year round.

We'll Help You Move.

From any of our offices we shall be glad to send a representative to see you. He will tell you all about freight rates, passenger rates, and will take up the details for you, so that you will have absolutely no difficulty in making your arrangements to go to California.

This is OPPORTUNITY.

We've only begun to tell you about the wonderful opportunity offered in this proposition. To learn all about it, of the very men and women who have already made good on this property—of men and women who have left the worry and toil of the east behind to go to the Sacramento Valley and have fortune seek them—send for the beautifully illustrated book "California, Now or Never." To be assured of your earnestness a charge of 10c. is made for this 48-page book—but such a small sum does not begin to cover its cost. The success of your future is staring you in the face. Do you want to win? Do you want to know how to win without having to mortgage your very soul? Send for book by filling in and mailing coupon to-day.

POLICEMAN COVERS NUDE STATUE POSED FOR BY WASHINGTON GIRL

Here are the pictures of M. Nathalie Barry, of Washington, D. C., who posed for a nude statue, the "Deserted Aridane," chiseled by her older sister, Miss Laura. The statue, sent from Paris to Washington, was too large to go through the door of the Whitney home. It was left lying on the grass, and a crowd gathered to stare and comment. A policeman finally covered the statue.

B. & O. MAY BUILD NEW RAILWAY SHOPS AT CHICAGO JUNCTION

The residents of Chicago Junction are greatly interested in a rumor that is being circulated to the effect that the Baltimore & Ohio Railroad company is to build immense new railroad shops in connection with the new railroad yards that are now being constructed in that village.

According to Warren Severance, the well known Chicago Junction lawyer who is an attorney for the Baltimore & Ohio, and who was in Norwalk Monday, the rumor was started by a news item that was printed in a Cincinnati newspaper one day last week, which item announced that the contract for building several immense buildings in Chicago Junction had been let to a Cincinnati building contractor who built the round house and other buildings now owned and used by the Baltimore & Ohio in Chicago Junction, says the Norwalk Reflector. The item stated that the plans and specifications for the new buildings called for one structure 600 feet in length, and that the new buildings are to cost \$110,000.

Mr. Severance said that while he believes the Baltimore & Ohio intends eventually to make Chicago Junction a much more important railroad point than it now is, he does not believe the company proposes to erect any large new shops there at present. Mr. Severance said that if the Baltimore & Ohio should eventually abandon any of its railroad shops and remove them to Chicago Junction, the shops would likely be those located at Mt. Clair, Md.

Baltimore & Ohio passenger train No. 7, due in Mansfield at 9:24 o'clock, made a fast run between Newark and Mansfield. The sixty-two miles between the two cities was made in eighty minutes and this despite the fact that the train had slow orders of ten miles an hour over two bridges and the regular stop at Mt. Vernon. The passenger train left Newark twenty-two minutes late. The run was one of the fastest that has ever been made by a west-bound train.—Mansfield Shield.

Frank B. Kellogg

Cordemo A. Severance

Frank B. Kellogg, trust buster, and C. A. Severance, attorneys for Uncle Sam, are arguing against the Harriman Union Pacific merger this week at St. Paul. Judge W. H. Sanborn is presiding over the session of federal court, and Judges Van Devanter, Hook and Adams are his associates.

from every passenger association in the United States. The final meeting of the committee was held here today, when the completed draft of the rules was finished for presentation to the various passenger associations.

The most important change contemplates the practical insurance of baggage while in transit, provided the passenger declares a value above \$100.

The officials of the Pennsylvania Railroad company, who accompanied General Manager Peck of Pittsburgh on his annual track inspection trip, have returned to Pittsburgh, where they will compare notes and announce the prize. One prize has already been awarded, this being offered by General Manager Peck for the best line and surface piece of track, and the prize of \$200 was awarded to Henry Dymon, supervisor of the Pittsburgh division of the Pennsylvania system.

Mr. J. H. Harriman, general manager of the C. & D. & M. R. Co., formerly manager of the electric lines here, has gone to Atlantic City to attend the street railway convention. He will visit New York and Boston before returning to his home in Marion, about October 29.

E. W. Crossley, supply man for the engineers and firemen at the Baltimore and Ohio round house, at this point, who has been sick for several weeks, has returned to work.

OIL AND GAS NEWS.

On the Ohio side the deep sand territory in Fairfield and Perry counties scored fewer completions during the week than for any like period during the current year. Inside of defined limits there is a good deal of new work starting. It looks now as though future operations in the deep sand territory would be of the routine kind. Recent completions in adjacent counties do not hold out much encouragement for extending the producing limits.

Near the village of Kilgore, in Corroll county, the Williams Oil Company is due in the sand on the W. H. Harding farm. There is a prevailing opinion that a pool of some kind will be developed in that locality. At any rate the prospects are more promising than at any other section in southeastern Ohio.

DISCOVERY DAY

own county, and that Columbus could have asked for no greater reward than to behold its beauties and opportunities. That Columbus would be thankful with all Americans that the United States be held no union of church and state, and that the biggest and most splendid aftermath of Columbus' achievement was no America, but our own great country, the United States.

Although not on the program, Mrs. Kelley of Mechanicsburg, was next called on and without doubt gave one of the cleverest little talks of the evening. Of delightful personal appearance, Mrs. Kelley has a pleasing delivery, and her tribute to "Woman" was a pleasure.

"Practical Patriotism" was discussed by Rev. Father Watterson and this broad subject was treated in an interesting manner. Father Watterson said patriotism was not the cheering and the blowing of trumpets, but the loyalty of the heart to a chosen aim or place.

The toastmaster asked Hon. Samuel H. Nicholas to speak on "Reflections from the Bench." The Judge said he might comment on reflections on the bench, as he had heard many of them, but the reflections of the bench were much harder. He urged, that instead of the seemingly existing idea that an impenetrable barrier existed between the court and the people, that the new one of the sympathy of the two be understood.

Mr. Martin unexpectedly called upon Dr. Sutton of Zanesville for the concluding address and the doctor spoke extemporaneously, but in a happy manner. He told several amusing little stories, and closed paying a tribute to Columbus and the Knights of this great man.

Mr. Martin adjourned the banquet with expressions of thanks to the audience.

The banquet was without doubt the largest ever held in the city, and without equivocation may be said to have been the most enjoyable. The local chapter of the Knights of Columbus is an active and progressive body and their entertainments are always delightful affairs.

Aside from the speaking program a vocal and instrumental program was given. Among those assisting were Mrs. J. V. Gallagher, Miss Katherine Kelley, Miss Mary Bulzer, Messrs. Arthur Devlin, Frank Ewald and A. C. Gendlach.

Y. M. C. A. NOTES

Sunday meetings at the Y. M. C. A. will begin at 3:00 o'clock the coming Sunday with the first one of the "Around the World" series of six Sundays. The opening meeting will be for everybody, blocks of seats being reserved for men and for boys, but the fathers, mothers and grown friends are invited to see the tourists off on the globe circling tour. "Newark to the Philippines" is the first Sunday's journey and nearly a hundred magnificent views of the wonderful islands, their strange people and the missionary work done there will make it an inspiring journey. Rev. J. A. Bennett will personally conduct the party through the Philippines. After the first Sunday, two meetings will be held, boys at 2:00 o'clock, men at 3:00 o'clock. Mr. Bennett will speak to the boys and other pastors to the men.

Sunday, October 23, "The Philippines to Japan," Oct. 24, "Japan to Malaysia," Nov. 6, "Malaysia to India," Nov. 12, "India to Africa," and Nov. 20, "Africa to Dixie Land," and home.

The views furnished are of the very finest made and many of them are original. The chance to see the Christian missionaries at their work will add to the great natural interest in the strange and beautiful scenes around the world.

OBITUARY

JOSEPH W. MAGERS.

Joseph W. Magers, formerly of this city, died at St. Anthony's hospital in Columbus, Saturday afternoon, after a long illness from tuberculosis. The body was taken to Tiffin, O., and the funeral was held at 10:30 o'clock in St. Mary's church on Monday, and the interment was made in St. Mary's cemetery. The deceased was a soldier in the Spanish war and was buried with military honors.

Joseph Magers was a son of the late Thomas L. Magers, senior member of the former well known law firm of Magers & Leachy, and the greater part of his life was spent in Tiffin. He was a member of the Tiffin military company and served through the Spanish war as corporal in Co. E, 2d O. V. I. He was gifted with an unusually fine bass voice and after the close of the war he went to New York, where he pursued a course in both musical and dramatic schools. He then took up the theatrical profession and in the last several years traveled over a great portion of the globe. He filled a two years' engagement with the Royal theatre management in London and a six months' engagement at Johannesburg, Africa. In a letter to a friend in this city about two years ago he attributed his poor health to the damp atmosphere of London. After his return to this country his health failed rapidly and about one year ago he was compelled to abandon the stage. For the past six weeks he had been an inmate of St. Anthony's hospital and for two months prior to that time of the Franklin county tuberculosis hospital. His age was 32 years and he is survived by a mother whose present name is Mrs. M. M. Garrison of Columbus, and two sisters. The funeral was under the auspices of Col. Kuert camp, United Spanish War Veterans, of which the deceased was a member while a resident of Tiffin.

Mr. Magers resided in Newark for about six years, living with his mother at the Ideal Art Studio, at 27 South Second street.

In loving remembrance of our darling boy, Hoy Rugg, who died Oct. 13, 1908, at the age of 9 years.

The sweetest sacred spot on earth, That memory holds most dear, Is but a myrtle covered mound; But Hoy is sleeping there.

The angels bore him from our grasp, A jeweled casket rare; His eyes were closed, they hushed his breath.

We smoothed his sunny hair, Tread softly, stranger, then and pause Above this sacred mound. For it has caused us many a tear— This hallowed spot of ground. We think we hear him calling now In that bright world so fair, To live in hope and when life's o'er We'll meet our boy there.

FATHER, MOTHER AND SISTER.

OBITUARY.

Andrew J. Milburn was born near New Way, Licking County, Ohio, February 16, 1849, died October 7, 1916, aged 70 years, 7 months and 21 days. He was joined in marriage with Mary Barick, November 27, 1867, who departed this life December 22, 1891, leaving her husband and one son, Howard, at home. He was again united in marriage with Harriet Heartshorn in July 1893. His son Howard faithfully nursed his father throughout his long lingering illness; also his faithful wife, who was almost constantly at his bedside. He was a man of industry, of sterling qualities, strictly honest in all his dealings, moral, social, agreeable to all those with whom he came in contact. A man of integrity, ability to duty, and consistent on all public questions of the day. He was a member of the Universalist church at New Way. He believed in the brotherhood of God, and the brotherhood of man. He strongly believed that God was guiding the destinies of mankind to a final harmony of all souls with God. He leaves a widow, one son, one brother, I. N. Milburn of Alexandria, one sister, Mrs. Sarah E. Harris of Alexandria and a great many other relatives and friends to mourn their loss.

The funeral services were held Sunday afternoon, conducted by the Rev. Minnie O. Colgrove of Plain City. Interment was made in the Alexandria cemetery.

CARD OF THANKS.

The sons and daughters of the late Leon Stetler return thanks to the Very Rev. B. M. O'Boylan, Father Ryan, the comrades of war, Dr. Barker, the Daughters of Veterans and relatives and all the neighbors and friends for the great kindness shown during the late illness and at the time of the death of their father.

BUYS FINE FARM

J. E. Purvis, the oil man of Bremen, has closed a deal with the Chamberlains for a farm of 120 acres of excellent land lying 12 miles north of the Union Station, for a cash consideration of \$25,000. Mr. Purvis contemplates conducting a stock farm on his new possession and persons who know the land and have faith in the city of Columbus say the farm is worth \$50,000.

KING ALFONSO

Will Personally Lead Troops Against Rioters Should Any Disturbances Occur.

Madrid, Oct. 13.—Spain is an armed camp today, the first anniversary of the death of Prof. Ferrer. Every soldier and officer in the entire army is under arms. In some of the cities where the republican feeling is strong there is about one soldier to every citizen. Alfonso has announced he will personally lead his troops against any rioters.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

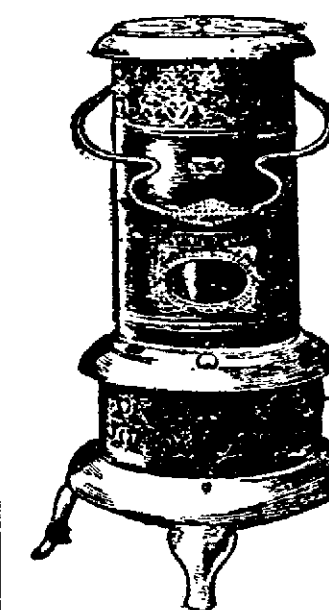

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and stability to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

That Cold Room

on the side of the house where winter blasts strike hardest always has a lower temperature than the rest of the house. There are times when it is necessary to raise the temperature quickly or to keep the temperature up for a long period. That can't be done by the regular method of heating without great trouble and overheating the rest of the house. The only reliable method of heating such a room alone by other means is to use a

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

which can be kept at full or low heat for a short or long time. Four quarts of oil will give a glowing heat for nine hours, without smoke or smell.

An indicator always shows the amount of oil in the font. Filler-cap does not screw on; but is put in like a cork in a bottle, and is attached by a chain and cannot get lost.

An automatic-locking flame spreader prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that it can be cleaned in an instant.

The burner body or gallery cannot become wedged, and can be unscrewed in an instant for reworking. Finished in japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental. Has a cool handle.
